

LEED Statement

- ∞ Stevens Industries, Inc., being a leading producer of laminated panels, components and cabinetry for over 50 years, has a well defined concern over the sustainability of our forests through sound management practices.
- ∞ Stevens produces laminated panels, components and cabinetry from wood composite panel products which contain 100% recycled and/or recovered content. All suppliers are Environmentally Preferable Product (EPP) Certified.
- ∞ Stevens has obtained the Forest Stewardship Council (FSC) certification for Chain of Custody. This certification was granted by Scientific Certification Systems after completing an extensive audit of the Stevens Manufacturing and Sales processes. Our Chain of Custody certification # is SCS-COC-001662.

INFORMATION ON POTENTIAL LEED CREDITS			
LEED Category	Intent	Requirements	Stevens Solution
<i>Environmental Quality</i> EQ 4.1	Improve Indoor Air Quality	Use adhesives and sealants complying with VOC content limits - EPA Method 24	* Water based glues containing no VOC's are utilized.
<i>Environmental Quality</i> EQ 4.2	Improve Indoor Air Quality	Use paints and coatings complying with VOC content limits - EPA Method 24	* Water base inks for printed decorative design laminate papers, paints and coatings comply with VOC content limits
<i>Environmental Quality</i> EQ 4.4	Improve Indoor Air Quality	Use composite wood products containing no added formaldehyde resins.	* When specified , particleboard core containing no added urea formaldehyde is utilized.
<i>Materials and Resources</i> MR 4.1	Use products that incorporate recycled content material.	Sum of recycled content constitutes at least 10% of materials in project.	* Particleboard that is EPP Certified, containing 100% recycled and recovered wood is utilized.
<i>Materials and Resources</i> MR 4.2	Use products that incorporate recycled content material.	Sum of recycled content constitutes at least 20% of materials in project.	* Particleboard that is EPP Certified, containing 100% recycled and recovered wood is utilized.
<i>Materials and Resources</i> MR 5.1	Use regionally manufactured materials.	Use 20% of building materials (by cost) that are regionally manufactured.	* Manufacturing of ALL products is done at Stevens primary plant location in Teutopolis, Illinois.
<i>Materials and Resources</i> MR 7.0	Obtain wood products from FSC Certified Forests.	50% of wood based materials must be obtained from forests certified by an FSC accredited certification body.	* When specified, particleboard and MDF from FSC Certified suppliers is utilized.
* Denotes - Refer to Stevens Environmental Policy for additional information. Information provided is correct to the best of our knowledge.
